## IFRA CERTIFICATE OF CONFORMITY

This Certificate assesses the conformity of the fragrance mixture with IFRA Standards and provides restrictions for use as necessary. It is based only on those materials subject to IFRA Standards for the toxicity endpoints described in each Standard.

This Certificate does therefore not replace a comprehensive safety assessment of the fragrance mixture.

### CERTIFYING PARTY:

The eScential Group  
8 Marlen Drive  
Hamilton  
NJ 08691 USA  
732-677-1100

### SCOPE OF THE CERTIFICATE:

Roasted Coffee & Tobacco Fragrance | 18-0510-FR

### COMPULSORY INFORMATION:

We certify that the above mixture is in compliance with the Standards of the INTERNATIONAL FRAGRANCE ASSOCIATION (IFRA), up to and including the 51st Amendment to the IFRA Code of Practice (published June 2023), provided it is used in the following categories at a maximum concentration level of:

| IFRA Categories [see Annex 1 below for details] | Maximum Level of use (%) |
|-------------------------------------------------|--------------------------|
| IFRA Category 1                                 | Not approved             |
| IFRA Category 2                                 | 0.20%                    |
| IFRA Category 3                                 | 0.20%                    |
| IFRA Category 4                                 | 0.20%                    |
| IFRA Category 5A                                | 0.20%                    |
| IFRA Category 5B                                | 0.20%                    |
| IFRA Category 5C                                | 0.20%                    |
| IFRA Category 5D                                | 0.12%                    |
| IFRA Category 6                                 | Not approved             |
| IFRA Category 7A                                | 0.20%                    |
| IFRA Category 7B                                | 0.20%                    |
| IFRA Category 8                                 | 0.12%                    |
| IFRA Category 9                                 | 0.20%                    |
| IFRA Category 10A                               | 0.20%                    |
| IFRA Category 10B                               | 0.20%                    |
| IFRA Category 11A                               | 0.12%                    |
| IFRA Category 11B                               | 0.12%                    |
| IFRA Category 12                                | 10.0%                    |

For other kinds of applications or use at higher concentration levels, a new evaluation may be needed; please contact The eScential Group. In addition if you require a breakdown of IFRA restricted components within this material, please contact The eScential Group for additional information.

## ANNEX 1

Below is an extract of information provided by IFRA in relation to types of application present in each IFRA Category. Additional information about IFRA Categories can be found in the Guidance to IFRA Standards, issued by IFRA.

| IFRA Category     | Product Type                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| IFRA Category 1   | Lip Products of all types (solid and liquid lipsticks, balms, clear or colored, etc.); Childrens toys                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| IFRA Category 2   | Deodorant and antiperspirant products of all types including any product with intended or reasonably foreseeable use on the axillae or labelled as such (spray, stick, roll-on, under-arm, deo-cologne, etc.); Body sprays (including body mist)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

## **SAFETY DATA SHEET**

**In accordance with 29 CFR 1910.1200**

**Product:** Roasted Coffee & Tobacco Fragrance 18-0510-FR  
**Version:** 2

### **1. IDENTIFICATION**

#### **Product Identifier**

**Product identifier:** Roasted Coffee & Tobacco Fragrance  
**Other identifiers:** None

#### **Recommended use of the chemical and restrictions on use**

**Product uses:** Fragrances

#### **Supplier Details**

**Company name:** The eScential Group  
**Company address:** 8 Marlen Drive  
Hamilton NJ 08691  
USA  
**Contact:** Regulatory Affairs  
**E-Mail address:** regulatory@globalessence.com  
**Company phone:** 732-677-1100

#### **Emergency telephone number**

**Emergency phone:** INFOTRAC 1-800-535-5053

### **2. HAZARD IDENTIFICATION**

#### **Classification**

**This product is classified under 29CFR 1910.1200(d) as follows:**

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200)

**Class and category of** Flammable Liquid, Hazard Category 4  
**danger:**

Acute Toxicity - Oral Category 4  
Eye Damage / Irritation Category 2  
Sensitization - Skin Category 1  
Carcinogenicity Category 2

**Signal word:** Warning

**Hazard statements:** Combustible liquid.  
Harmful if swallowed.  
May cause an allergic skin reaction.  
Causes serious eye irritation.  
Suspected of causing cancer (exposure route).

**M factor:** None

## **SAFETY DATA SHEET**

**In accordance with 29 CFR 1910.1200**

**Product:** Roasted Coffee & Tobacco Fragrance 18-0510-FR

**Version:** 2

**Pictograms:**

**Precautionary statements:**

Do not handle until all safety precautions have been read and understood.  
Keep away from heat, sparks, open flames and hot surfaces. - No smoking.  
Avoid breathing vapour or dust.  
Wash hands and other contacted skin thoroughly after handling.  
Do not eat, drink or smoke when using this product.  
Contaminated work clothing should not be allowed out of the workplace.  
Wear protective gloves/eye protection/face protection.  
IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.  
IF ON SKIN: Wash with plenty of soap and water.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
IF exposed or concerned: Get medical advice/attention.  
Rinse mouth.  
If skin irritation or rash occurs: Get medical advice/attention.  
If eye irritation persists: Get medical advice/attention.  
Wash contaminated clothing before reuse.  
In case of fire: Use carbon dioxide, dry chemical, foam for extinction.  
Store in a well-ventilated place. Keep cool.  
Store locked up.  
Dispose of contents/container to approved disposal site, in accordance with local regulations.

**Hazards not otherwise classified (HNOC)** None

### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

#### **Substances**

**Product identifier:** Roasted Coffee & Tobacco Fragrance

## SAFETY DATA SHEET

In accordance with 29 CFR 1910.1200

**Product:** Roasted Coffee & Tobacco Fragrance 18-0510-FR

**Version:** 2

**Contains:**

| Name             | CAS      | %       | GHS Classification                                                                                                                        |

The exact percentage concentrations of components are being withheld as a trade secret.

### 4. FIRST-AID MEASURES

#### Description of first aid measures

**Inhalation:** Remove from exposure site to fresh air, keep at rest, and obtain medical attention.

**Eye exposure:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**Skin exposure:** Remove contaminated clothes. Wash thoroughly with soap and water. Contact physician if irritation persists.

**Ingestion:** IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.

#### Most important symptoms and effects, both acute and delayed

Harmful if swallowed.

May cause an allergic skin reaction.

Causes serious eye irritation.

Suspected of causing cancer (exposure route).

#### Indication of immediate medical attention and special treatment needed, if necessary

Treat symptomatically

### 5. FIRE-FIGHTING MEASURES

#### Extinguishing media

Suitable media: Carbon dioxide, Dry chemical, Foam.

#### Specific hazards arising from the chemical

In case of fire, may be liberated: Carbon monoxide, Unidentified organic compounds.

#### Protective Equipment and Precautions for Firefighters

In case of insufficient ventilation, wear suitable respiratory equipment.

## SAFETY DATA SHEET

In accordance with 29 CFR 1910.1200

**Product:** Roasted Coffee & Tobacco Fragrance 18-0510-FR

**Version:** 2

### **6. ACCIDENTAL RELEASE MEASURES**

#### **Personal precautions, protective equipment and emergency procedures:**

Avoid inhalation. Avoid contact with skin and eyes. See protective measures under Section 7 and 8.

#### **Methods and material for containment and cleaning up:**

Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

### **7. HANDLING AND STORAGE**

#### **Precautions for safe handling:**

Do not eat, drink or smoke when using this product.

#### **Conditions for safe storage, including any incompatibilities:**

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

### **8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

#### **Control parameters**

#### **Exposure guidelines**

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

#### **Other exposure guidelines**

No information available

#### **Exposure controls**

#### **Engineering measures**

Showers, eyewash stations, ventilation systems.

#### **Individual protection measures, such as personal protective equipment**

#### **Eye/Face and Skin Protection**

Wear protective gloves/eye protection/face protection, and suitable protective clothing

#### **Respiratory protection**

If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. A NIOSH-approved air-purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air-purifying respirators is limited. Use a positive pressure, air-supplied respirator if there is any potential for uncontrolled release, exposure levels are not known or any other circumstances where air-purifying respirators may not provide adequate protection.

## SAFETY DATA SHEET

In accordance with 29 CFR 1910.1200

**Product:** Roasted Coffee & Tobacco Fragrance 18-0510-FR

**Version:** 2

### Hygiene measures

Handle in accordance with good industrial hygiene and safety practice.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Physical and chemical properties

|                                                      |                                              |
|------------------------------------------------------|----------------------------------------------|
| <b>Appearance:</b>                                   | Yellow to Yellow-Brown Liquid                |
| <b>Odor:</b>                                         | Characteristic                               |
| <b>Odor threshold:</b>                               | Not determined                               |
| <b>pH:</b>                                           | Not determined                               |
| <b>Melting point / freezing point:</b>               | Not determined                               |

| <b>Flash point:</b>                                  | 80 °C                                        |
| <b>Evaporation rate:</b>                             | Not determined                               |
| <b>Flammability (solid, gas):</b>                    | Not determined                               |
| <b>Upper/lower flammability or explosive limits:</b> | Product does not present an explosion hazard |
| <b>Vapor pressure:</b>                               | Not determined                               |
| <b>Vapor density:</b>                                | Not determined                               |
| <b>Relative density:</b>                             | 0.9600 - 1.0400                              |
| <b>Solubility(ies):</b>                              | Not determined                               |
| <b>Partition coefficient: n-octanol/water:</b>       | Not determined                               |
| <b>Auto-ignition temperature:</b>                    | Not determined                               |
| <b>Decomposition temperature:</b>                    | Not determined                               |
| <b>Viscosity:</b>                                    | Not determined                               |

**Other information:** None available

## 10. STABILITY AND REACTIVITY

### Reactivity:

Presents no significant reactivity hazard, by itself or in contact with water.

### Chemical stability:

Good stability under normal storage conditions.

### Possibility of hazardous reactions:

Not expected under normal conditions of use.

### Conditions to avoid:

Avoid extreme heat.

## SAFETY DATA SHEET

In accordance with 29 CFR 1910.1200

**Product:** Roasted Coffee & Tobacco Fragrance 18-0510-FR

**Version:** 2

### Incompatible materials:

Avoid contact with strong acids, alkalis or oxidising agents.

### Hazardous decomposition products:

Not expected.

## 11. TOXICOLOGICAL INFORMATION

### Information on toxicological effects

|                                           |                                                                  |
|-------------------------------------------|------------------------------------------------------------------|
| <b>Acute Toxicity:</b>                    | Acute Toxicity - Oral Category 4                                 |
| Acute Toxicity Oral                       | 1908                                                             |
| Acute Toxicity Dermal                     | Not Applicable                                                   |
| Acute Toxicity Inhalation                 | Not Available                                                    |
| <b>Skin corrosion/irritation:</b>         | Based on available data the classification criteria are not met. |
| <b>Serious eye damage/irritation:</b>     | Eye Damage / Irritation Category 2                               |
| <b>Respiratory or skin sensitisation:</b> | Sensitization - Skin Category 1                                  |
| <b>Germ cell mutagenicity:</b>            | Based on available data the classification criteria are not met. |
| <b>Carcinogenicity:</b>                   | Carcinogenicity Category 2                                       |
| <b>Reproductive toxicity:</b>             | Based on available data the classification criteria are not met. |
| <b>STOT-single exposure:</b>              | Based on available data the classification criteria are not met. |
| <b>STOT-repeated exposure:</b>            | Based on available data the classification criteria are not met. |
| <b>Aspiration hazard:</b>                 | Based on available data the classification criteria are not met. |

### Additional Information

None available

## 12. ECOLOGICAL INFORMATION

### Ecotoxicity:

Very toxic to aquatic life.

Toxic to aquatic life with long lasting effects.

**Persistence and degradability:** Not available

**Bioaccumulative potential:** Not available

**Mobility in soil:** Not available

**Other adverse effects:** Not available

## SAFETY DATA SHEET

In accordance with 29 CFR 1910.1200

**Product:** Roasted Coffee & Tobacco Fragrance 18-0510-FR

**Version:** 2

### 13. DISPOSAL CONSIDERATIONS

#### Waste treatment

Dispose of in accordance with local regulations. Avoid disposing into drainage systems and into the environment. Empty containers should be taken to an approved waste handling site for recycling or disposal.
